Athletic Expert Declares That

Dempsey Is In Perfect Condition

By GEORGE R. PULFORD. An Addition was made to the Dempsey camp Friday afternoon that is likely to play an important part in the heavyweight championship on

The adamon was Prof. James E. Byrne, of the Toledo Athletic clab, who gave Dempey a thorough examination after he had worked four rounds in the afternoon.

What Byrne learned he imparted to manager Jack Kearns and it must have been pleasant, for Kearns were a smile for some time thereafter. To others Byrne said, "Dempsey's as fine as allk and is fit to meet Willard at the present time."

No one was in the room when Dempsey submitted to the scrutiny of the keen eyed Byrne, who went over him from head to toe, looking for possible

"Kid-Key College and Conservatory of Music Sherman, Texas" A high grade Junior College with an A-plus standing, and recognized by the State De-

partment of Education, and the University of Texas. The past session was in every way the best the institution has ever had. Parents can place their daughters here with the assurance that they will receive the most conscientious care and attention. Our health record alone (not one fatality in twenty-five years) should appeal strongly to all parents. Our Literary Department, presided over by Dr. J. O. Leath, A. M., of the University of Chicago, assisted by an excellent corps of teachers, offers the best instruction in the various departments. Our Conservatory, long recognized as the best in the South, continues to win honors. Miss Gertrude Mandelstamm, for three years a pupil of Nans Richard, in a contest in Chicago, representing 4000 pubils, won first prize; a concert grand Mason & Hamlin piano, and the privilege of playing as soloist next winter with the Chicago Symphony Orchestra. Miss Colonel Slawson won second Honors in the vocal contest of the Federated Music Clubs of Texas. We have added a brilliant Belgian pianist, Mr. Leon Sampaix, to our already strong Piano Department. We invite an investigation of our claims, and will be pleased to send catalogue on request.

Billie Burk Is Oversubscribed?

Are You Ready for this Announcement?

Have you bought every share of Billie Burk you possibly can? Are you "sitting pretty" when Billie Burk brings in her first GUSHER, and when Billie Burk stock is selling from \$5 to no-telling-how-much a share?

Billie Burk now owns TWO excellent tracts in the Wonder Pool-and the new acreage, in subdivision 822, Block 21, is right in the heart of the BIGGEST GUSHERS in the state of Texas-being an offset to the famous Ramming

Billie Burk's holdings are now worth more than the capitalization of the company-that is why stockholders are insisting that we raise the price of Billie Burk shares. We can't tell how long they'll last-but the allotment of shares we decided to offer at par is nearly gone. If you want to be fixed when Billie Burk's well comes in-le us suggest you wire reservations.

"Ocean and Ranger Central"

HERE IS THE NEWS FOR TODAY.

The location of "Ocean" will likely make it a larger well than the Perkins, according to men who know the field.

If it is even as large it will make "Ocean" worth \$10.00 a share. Hold your stock for the \$10.00 market.

The Perkins is producing \$25,000 a day, and is only 10 feet in the sand. It will likely double its production when completed.

TEXAS COLONEL

From the Mexican border to the line of Canada on the north and to the Pacific Coast on the West, through the great newspapers of the country, our TEXAS COLONEL announcement went out yesterday. In a few short hours after this paper reaches you we will expect to be begging people to stop sending us money, for TEXAS CRUDE will be over sold. PLEASE don't send us any more money for Silver Cycle. People were coming into our offices all day yesterday begging for this stock. If it is possible for another stock to be better than Silver Cycle, we believe TEXAS COLONEL is that stock. Today you can buy TEXAS COLONEL at exactly par, \$1-tomorrow we don't know what you will have to pay for it.

TEXAS COLONEL owns fifteen acres within seventeen hundred vards of the Texas Chief—the biggest well in the Northwest Burkburnett gusher pool. Holdings of Double F, Burk Senator and Burk Pet are on adjoining property-all companies sold out and oversubscribed.

TEXAS COLONEL is on a direct line with the following wells: The Humble-Woods well, Golden Cycle, United, Southern, Banner, Pennsylvania, Fern, King S. Golconda, Western Globe, Blue Bell, Burk Senator, and many others.

This fifteen acres is worth more today than the company's entire capitalization.

TEXAS COLONEL is capitalized for only \$100,000.00—the par value of the share is \$1.

LISTEN: We are not going to ask you 50 cents, a dollar, or \$2 above par for this wonderful stock, but the first people who wire in their orders will get TEXAS COLONEL at \$1 par.

NOW, MR. MAN-if you have any "gumption" at all, you will understand why we confidently expect to announce TEXAS COLONEL oversold and be returning money in a few hours after this announcement reaches the readers of this paper.

We can fill your orders if anybody can, but we give notice now that all orders will be filled in the order received, and we reserve the right to return your money should TEXAS COLONEL be over-subscribed or withdrawn before your wire reaches us.

You can use the telegraph blank at our expense, but if it hurts you to hurry don't waste your time.
